(1) Where there occurs a loss of or deficiency in:

(a) public money or other money that has been advanced to an officer of an public sector entity; or

(b) public money or other money while that money is under the control of an officer of a public sector entity, that loss or deficiency shall be a debt due to the Crown or public sector entity, as the case may require, and may be recovered from the officer as a civil claim in a court of competent jurisdiction.

(2) Where loss or destruction of or damage to public property or other property occurs while the property is in the care of a public sector entity, the value of the property lost or destroyed or, as the case may be, the cost of replacing or repairing the damage to that property shall be a debt due to the Crown or the
public sector entity, as the case may require, and may be recovered in a court of competent jurisdiction by civil action brought against:

(a) the officer of the authority in whose care the property was at the material time; or

(b) another officer of the public sector entity who by culpable negligence or misconduct caused or contributed to the loss or destruction of or damage to the property.

(3) Where the negligence or misconduct of an officer of a public sector entity was not the sole cause of the loss or destruction of or damage to the property the subject of an action under subsection (2), the Crown or the public sector entity, as the case may require, may recover from the officer so much only of the cost of, or the cost of replacing or repairing, the loss, destruction or damage as is just and equitable having regard to the contribution made by the officer to that loss, destruction or damage as determined by the court.

(4) In this section a reference to an officer of a public sector entity includes a reference to a person who has been such an officer.

(5) For the purposes of this section:

(a) public money or other money shall be taken to be under the control of an officer of a public sector entity if the money has been collected or received by or has come into the custody of the officer but has not been paid to another person or to the credit of an account with a bank, or credit union as required by the provisions of the government financial instructions or the prescribed requirements; and

(b) public property or other property shall be taken to be in the care of an officer of an authority if the property:

(i) has been delivered to the officer; and

(ii) has not been returned to a person or delivered to another person entitled to receive it on behalf of the Crown or the public sector entity, as the case may require.

(6) The provisions of this section do not affect a right of the Crown or a public sector entity to recover an amount from an officer of a public sector entity otherwise than under this section but the Crown or the public sector entity, as the case may require, shall not recover amounts from the one officer both under this section and otherwise than under this section, in respect of the same loss, deficiency, destruction or damage.

47 Misappropriation of money or property

(1) An officer of a public sector entity shall not:

(a) misapply, improperly dispose of or improperly use, any public money, other money, public property or other property; or
(b) pay any public money or other money into an account other than the
account into which the money is required to be paid.

(2) An officer of a public sector entity shall not wilfully and unlawfully damage
or destroy any public property or other property.

(3) An officer of a public sector entity who fails to comply with these
requirements under this section commits an offence and shall be dealt with
according to the relevant requirements of the Penal Code.³
